

Nazaripour Hamid

Associate Professor

Faculty : Geography

Departments : Climatology

Phone : +9854 - 31136497

Email : h.nazaripour@gep.usb.ac.ir

Address : Dept.of Climatology, Faculty of Geography, University of Sistan and Baluchestan, Daneshgah Ave., Zahedan, Iran.

Education

- ✓ B.Sc, Human Geography Urban-Rural ,Sistan and Baluchestan University - 2005
- ✓ MS, Physical Geography,University of Isfahan - 2007
- ✓ PhD, Physical Geography,Sistan and Baluchestan University - 2011
- ✓ PhD, Physical Geography,Sistan and Baluchestan University - 2011

Courses

- | | |
|---|---|
| 1. Application of GIS and Aerial Photos | 2. Meteorology Climatology |
| 3. Environmental Changes | 4. Preparing and interpreting maps and climatic |
| 5. Climate of Boundary layer | 6. Environmental Hazand Smart Studies |
| 7. Microclimatology | 8. Topography1 |
| 9. Climate and environment design | 10. Climate data analysis |

Journals Papers

2025

1. Trends, Patterns, and Driving Forces of Heat Waves in the Center and Southeast of Iran

Atefeh Ansari, Peyman Mahmoudi, Nazaripour Hamid, Sylwester Wereski

PURE AND APPLIED GEOPHYSICS Volume: (182) 903 - 928

2. راهبردها و محدودیت های سازگاری با تغییر اقلیم در میان نخل کاران

Ayesheh Mollazahi, Nazaripour Hamid, Mahmood Khosravi

Volume: (6) 31 - 48

3. Spatially Heterogeneous Changes in the Frequency and Intensity of Precipitation in Iran

ALIREZA SADEGHINIA, SOMAYEH RAFATI, ZOLEIKHA KHEZERLUEI MOHAMMADYAR, Nazaripour Hamid

Acta Geographica Lodziansia Volume: (118) 7 - 21

4. Selecting the best probability distribution for frequency analysis of maximum streamflow discharge in the southern baluchestan basin, Iran

Nazaripour Hamid, Mohsen Hamidianpour

Volume: (19) 229 - 242

5. Stochastic Modeling of Extreme Dry Spells in Southeast Iran: Patterns, Trends, and Return Periods

Marziyeh Siroosi, Peyman Mahmoudi, Nazaripour Hamid, Seyed Mahdi Amir Jahanshahi

Journal of Water Management Modeling Volume: (33) 1 - 27

6. Scenario planning for drinking water crisis management in Kerman city

Mojtaba Soleimani damaneh, Hamid Reza Rakhshaninasab, Nazaripour Hamid

Volume: (9) 153 - 186

2024

7. The Limits of Coping and Resilience Against the Risks Caused by Climate Change Case Study: Zahedan County

Nazaripour Hamid, Taghi Tavousi, Fatemeh Barahooyie

Volume: (5) 1 - 16

8. An Innovative Approach For Estimating Missing Monthly Rainfall Data in the Southern Balochestan Basin

Khorshid Karim, Nazaripour Hamid, Mahmood Khosravi, Seyed Mahdi Amir Jahanshahi

Volume: (14) 245 - 261

9. Adaptation strategies of farmers to climate change and its impact on date palm production in southeastern Iran

Ayesheh Mollazahi, Nazaripour Hamid, Mahmood Khosravi

Volume: (18) 49 - 61

10. Strategic assessment of groundwater potential zones: a hybrid geospatial approach

Nazaripour Hamid, Mahdi Sedaghat, Vahid Shafaie, Majid Movahedi Rad

Applied Water Science Volume: (14) 1 - 20

11. Observed changes in the contribution of extreme precipitation over the Zagros Mountains, Iran

Nazaripour Hamid, Mahdi Sedaghat, Alireza Sadeghinia

Idojaras Volume: (128) 367 - 377

12. Investigating extreme rainfall changes in southeast Iran and its relationship with Sudan low pressure

Abdol vahid Sabori, Mohsen Hamidianpour, Nazaripour Hamid, Mohammadreza Poodineh

Volume: (11) 159 - 174

13. Reconstruction of Missing Daily Streamflow Data using the MissForest Algorithm in Southern Baluchestan Basin, Iran

, Nazaripour Hamid, Peyman Mahmoudi, Parviz Khosravi

Journal of Watershed Management Research Volume: (15) 49 - 64

14. Observed changes in the characteristics of heat waves in hot and dry regions of Iran

Atefeh Ansari, Peyman Mahmoudi, Nazaripour Hamid

Idojaras Volume: (128) 473 - 496

15. An Analysis of the Role of Key Players in the Management of Drinking Water Crisis in Kerman City

Mojtaba Soleimani damaneh, Hamid Reza Rakhshaninasab, Nazaripour Hamid

Volume: (14) 63 - 86

16. An analysis of drinking and household water crisis in Kerman city based on citizens consumption

Mojtaba Soleimani damaneh, Hamid Reza Rakhshaninasab, Nazaripour Hamid

Volume: (11) 65 - 86

2023

17. Variability of Drought Frequency and Intensity in Iran using SPEI

Nazaripour Hamid, Mohsen Hamidianpour, Mahmood Khosravi, Mohadese Vaziri mehr

Volume: (26) 233 - 247

18. Determining the change point of temperature thresholds of heat and cold waves in Iran during 1966-2018

Mohsen Hamidianpour, Nazaripour Hamid, Elnaz Khazaei faizabad, مهسا فرزانه, Sedigheh Firoze

Volume: (12) 133 - 150

19. Comparison of remotely sensing and meteorological data-derived drought indices in mid-western Iran

Nazaripour Hamid, Hossein Jahantigh, Mokhtar Jafari

Volume: (21) 195 - 212

20. مقایسه نتایج تحلیل تصمیم گیری چندمعیاره در پهنه بندی مناطق مستعد خطر سیلاب با (شاخصهای سنجش از دور در حوضه آبریز رودخانه کهیر) بلوچستان جنوبی

Alireza Khosravi, Mehdi Azhdary Moghaddam, Seyed Arman Hashemi Monfared, Nazaripour Hamid

Volume: (9) 21 - 40

21. Changes in precipitation characteristics in Iran

Alireza Sadeghinia, Nazaripour Hamid, Somayeh Rafati

Bulletin of Geography-Physical Geography Series Volume: (2) 23 - 38

2022

22. The future of date palm cultivation in the arid and extra-arid regions of southeastern Iran based on climate change scenarios

Mohsen Hamidianpour, Nazaripour Hamid, Mahmood Khosravi, Mohadese Vaziri mehr

Volume: (12) 31 - 44

23. Analysis of observed and projected interannual variability in the summer season onset, length, and end dates across the Iran

Mahdi Sedaghat, Nazaripour Hamid

THEORETICAL AND APPLIED CLIMATOLOGY Volume: (147) 549 - 558

24. Atmospheric circulation types and winter extreme dry/wet spells in the southeast district of Iran

Mohadese Vaziri mehr, Mohsen Hamidianpour, Mahmood Khosravi, Nazaripour Hamid

Journal of the Earth and Space Physics Volume: (48) 641 - 656

25. Synoptic and dynamic aspects of widespread snowstorm with dangerous blizzard conditions in the territory of Iran - 3 to 9 February, 1972

mehdi sedaghat, Nazaripour Hamid, alireza sadeghinia

Volume: (11) 251 - 267

2021

26. Thermal Comfort Evaluation in Urban Open Public Space with Emphasis on Strengthening Social Relations (Case Study: Quds Neighborhood, Zahedan)

Nazaripour Hamid, Taghi Tavousi

Volume: (8) 287 - 306

27. Spatial and temporal variability of precipitation extreme indices in arid and semi-arid regions of Iran for the last half-century

Sadegh Karimi, Nazaripour Hamid, Mohsen Hamidianpour

Idojaras Volume: (125) 83 - 104

28. Statistical and spectral analysis of wind speed in the marge of Jazmourian wetland in southeastern Iran(case study: Iranshahr weather station)

Zarkhaton Shahbakhsh, Mohammadreza Poodineh, Mahmood Khosravi, Nazaripour Hamid

Volume: (3) 1 - 15

2020

29. Assessment of Streamflow Drought Based on Truncation Level (TL) Using Permanent Streamflow Data in one of the Sub-Basin of Lut Desert, Iran

Nazaripour Hamid, Mahdi Sedaghat, Mohammadreza Poodineh, Amir Hossein Halabian

Volume: (25) 1 - 16

30. Monitoring variability of soil moisture in Hour-al-Azim Wetland and its relation to dust storms in southwest Iran

Mahdi Sedaghat, Nazaripour Hamid

Volume: (29) 133 - 145

31. Shifts in K?ppen-Geiger climate zones over Balochistan plateau of Pakistan and its potential challenges to Iran

MOHAMMAD YOUSEF AHMADPOOR, Taghi Tavousi, Nazaripour Hamid

Volume: (47) 19 - 33

32. ارزیابی خشکسالی جریان رودخانه مبتنی بر رویکرد سطح آستانه با استفاده از داده جریان دائمی زیر حوضه بیابان لوت

Nazaripour Hamid, Mehdi Sedaghat, Mohammadreza Poodineh, Amir Hossein Halabian

Volume: (9) 1 - 19

2018

33. A New Approach for Definition of Summer Season in Iran

mahdi sedaghat, Nazaripour Hamid

Volume: (33) 77 - 88

34. Investigating the temporal variation and meteorological drought effect on groundwater resources in Kerman plain using SPI and GRI indices

Sedigheh Mohammadi, Farzin Naseri , Nazaripour Hamid

Volume: (5) 11 - 22

2017

35. Rain gauge network evaluation and optimal design using spatial correlation approach in arid and semi-arid regions of Iran

Nazaripour Hamid, Mohammad Reza Mansouri Daneshvar

THEORETICAL AND APPLIED CLIMATOLOGY Volume: (129) 1255 - 1261

36. Sensitivity studies of the forth-generation regional climate model simulation of dust storms in the Sistan plain, Iran

Somayyeh Kamali, Abbas Mofidi, Azar Zarrin, Nazaripour Hamid

Modeling Earth Systems and Environment Volume: (3) 769 - 781

37. در شبیه سازی طول دوره های خشک با رویکرد بررسی عدم AOGCM ارزیابی توانمندی های مدل قطعی و تغییر اقلیم در گستره ایران

Taghi Tavousi, Mahmood Khosravi, Seyyed Keramat Hashemi-Ana, Nazaripour Hamid

Volume: (103) 43 - 58

38. Potential Impacts of Climate Change on Tourism in South Beaches of Iran based on Climate Tourism Information Scheme

Mahmood Khosravi, Zahra Karimi, Nazaripour Hamid

Volume: (65) 21 - 34

39. Calibration of Rainfall-Stream flow Relationship for Assessing and Forecasting Hydrological Drought in Kavir-e Lut Basin, Iran

Nazaripour Hamid

Volume: (9) 73 - 90

2016

40. ارزیابی خشکسالی هیدرو- متئورولوژیکی برپایه شاخص تلفیقی خشکسالی و پیش بینی آن با (زنجیره مارکوف در حوضه رودخانه سرباز (جنوب شرق ایران)

Nazaripour Hamid, Zahra Karimi, Mahdi Sedaghat

Volume: (75) 151 - 169

41. اندرکنش سامانه کم فشار اسکاندیناوی با سامانه های فشار زیاد سیبری - اروپا و شمال غرب ایران (پرفشار تلفیقی) در رخداد موج یخبندان آذر 1382 در ایران

Nazaripour Hamid, Allah Bakhsh Rigi

Volume: (17) 103 - 118

2015

42. Spatial and temporal trend analysis of temperature extremes based on Iranian climatic database (1962-2004)

M. Darand, A. Masoodian, Nazaripour Hamid, M. R. Mansouri Daneshvar

Arabian journal of Geosciences Volume: (8) 8469 - 8480

43. توسعه يك شاخص تركيبي چندمتغيره بر پايه تحليل مولفه مبنا براي ارزيابي خشك سالي هاي آب. (توسعه يك شاخص تركيبي چندمتغيره بر پايه تحليل مولفه مبنا براي ارزيابي خشك سالي هاي آب. - هواشناسي در جنوب شرق ايران (مطالعه موردی: حوضه سد پيشين

Nazaripour Hamid

Volume: (4) 91 - 112

44. (تغييرات زماني مكاني بارش دوره سرد سال در ايران 1950-2009)

Mahdi Sedaghat, Nazaripour Hamid

Volume: (47) 421 - 433

45. The spatial distribution patterns of temperature, precipitation, and humidity using geostatistical exploratory analysis (case study: Central Area of Iran)

Nazaripour Hamid, Mahdi Dostkamian, Sara Alizadeh

Volume: (41) 99 - 117

2014

46. Spatial contribution of one-day precipitations variability to rainy days and rainfall amounts in Iran

Nazaripour Hamid, M. R. Mansouri Daneshvar

International Journal of Environmental Sciences and Technology Volume: (11) 1751 - 1758

47. Regions of Iran with Persistence of Precipitation

Nazaripour Hamid

Volume: (12) 195 - 208

48. ناحیه بندي اقليمي جنوب و جنوب غرب ايران با رويکرد برنامه ريزي منطقه اي

Nazaripour Hamid, Mahdi Dostkamian, Arezo Asadi, Ali Bayat

Volume: (15) 119 - 132

2013

49. آشكارسازي تغييرات سهم دوام هاي روزانه ي بارش در تأمين روزهاي بارشي و بارش ايران

Nazaripour Hamid, Zahra Karimi

Volume: (27) 53 - 75

50. بررسی تغییرات فضایی سهم بارش های یک روزه در تأمین روزه های بارشی و مقدار بارش ایران

Nazaripour Hamid, Seyed Abolfazl Masoodian, Zahra Karimi

Journal of the Earth and Space Physics Volume: (38) 241 - 258

2012

51. Identification of Synoptic Climate Types in Sistan Area (Zabol Station)

Mahmood Khosravi, Nazaripour Hamid

Volume: (44) 39 - 62

52. Determine the Climatic Seasons of Zahedan by the use of Cluster Analysis

Nazaripour Hamid, Rashid Saieed Abadi

Volume: (26) 87 - 97

2011

53. IDENTIFICATION OF PRECIPITATION TYPES BY CLUSTER ANALYSIS METHOD (CASE STUDY: ZAHEDAN. IRAN)

Nazaripour Hamid, Mahmood Khosravi

Volume: (40) 29 - 44

2010

54. THE APPLICATION OF CLUSTER ANALYSIS IN THE RECOGNITION OF RAINY DAYS (CASE STUDY: KHASH. IRAN)

Mahmood Khosravi, Nazaripour Hamid

Volume: (31) 65 - 90

55. IDENTIFICATION HUMIDITY RESOURCES AND COURSE OF SUPER HEAVY PRECIPITATION IN BUSHEHR PROVINCE

Javad Khoshhal, Mahmood Khosravi, Nazaripour Hamid

Volume: (16) 7 - 28

2023

2. Groundwater potential in an arid basin through RS, GIS, and MCDM

3. Threats of climate change on the mental health of date palm farmers in southeast Iran

1st International Conference on Applied Psychology

Nazaripour Hamid

2021

4. Assessment of bioclimatic comfort conditions based on PET and PMV On the southeastern edge of the Lut Desert

2nd international conference Lut desert, and Tourism

Halimeh Ostudmehmoody, Mohsen Hamidianpour, Nazaripour Hamid

5. Application of GIS-Based Techniques in Evaluation of Lut Desert Ecotourism Sites in Iran Based on Environmental and Climate Components

2 nd nternational confrence n Lut desert ad tourism

Executive activities

مشاوره دانشجویان کارشناسی

from 1403/11/06 - to 1404/04/06

مدیر گروه آموزشی جغرافیا طبیعی
