Personal Information							
Name:			Abbas Ali Ahangar				
Academic Rank:			Professor				
Office Location:			Department of English Language and Literature, University of Sistan				
			and Baluchestan, Iran				
Telephone:			00985431136740				
Email:			ahangar@english.usb.ac.ir				
Website:			http://astaff.usb.ac.ir/Default.aspx?ID=803&Culture=fa-ir				
			Course Information				
Course T	itle:	General Li	eral Linguistics (1)				
Programs		B.A.					
- 8		2					
	sions/Hours	: 16/32	732				
l			The Study of Language (Yule, 2014)				
			n Introduction to Language (Fromkin, Rodman and Hyams, 2014) (Self				
			dy): Only bold words and expressions				
Exams:		a. Midtern	determ Exam:				
		(1) The	Study of Language: Chapters 1, 2, 4;				
		(2) An I	ntroduction to Language: Chapters 1, 6				
		b. Final Ex	cam:				
		(1) The S	The Study of Language: Chapters 5, 6, 7, 16;				
		(2) An Ir	An Introduction to Language: Chapters 2, 12				
			Course Plan				
Session	Chanton						
D 4551011	Chapter	Topic	Objectives				
5 4551011	Chapter	Торіс	To discuss the following issues:				
2 0331011	Chapter		To discuss the following issues: - The divine source				
1	1	The origins	To discuss the following issues: - The divine source - The natural sound source				
			To discuss the following issues: - The divine source - The natural sound source - The "bow-wow" theory				
		The origins	To discuss the following issues: - The divine source - The natural sound source - The "bow-wow" theory - The "pooh-pooh" theory				
		The origins	To discuss the following issues: - The divine source - The natural sound source - The "bow-wow" theory - The "pooh-pooh" theory - The social interaction source				
		The origins	To discuss the following issues: - The divine source - The natural sound source - The "bow-wow" theory - The "pooh-pooh" theory - The social interaction source To discuss the following issues:				
		The origins	To discuss the following issues: - The divine source - The natural sound source - The "bow-wow" theory - The "pooh-pooh" theory - The social interaction source To discuss the following issues: - The physical adaptation source				
		The origins of language	To discuss the following issues: - The divine source - The natural sound source - The "bow-wow" theory - The "pooh-pooh" theory - The social interaction source To discuss the following issues: - The physical adaptation source - Teeth and lips				
		The origins of language The origins	To discuss the following issues: - The divine source - The natural sound source - The "bow-wow" theory - The "pooh-pooh" theory - The social interaction source To discuss the following issues: - The physical adaptation source - Teeth and lips - Mouth and tongue				
1	1	The origins of language	To discuss the following issues: - The divine source - The natural sound source - The "bow-wow" theory - The "pooh-pooh" theory - The social interaction source To discuss the following issues: - The physical adaptation source - Teeth and lips - Mouth and tongue - Larynx and pharynx				
1	1	The origins of language The origins	To discuss the following issues: - The divine source - The natural sound source - The "bow-wow" theory - The "pooh-pooh" theory - The social interaction source To discuss the following issues: - The physical adaptation source - Teeth and lips - Mouth and tongue - Larynx and pharynx - The tool-making source				
1	1	The origins of language The origins	To discuss the following issues: - The divine source - The natural sound source - The "bow-wow" theory - The "pooh-pooh" theory - The social interaction source To discuss the following issues: - The physical adaptation source - Teeth and lips - Mouth and tongue - Larynx and pharynx - The tool-making source - The human brain				
1	1	The origins of language The origins	To discuss the following issues: - The divine source - The natural sound source - The "bow-wow" theory - The "pooh-pooh" theory - The social interaction source To discuss the following issues: - The physical adaptation source - Teeth and lips - Mouth and tongue - Larynx and pharynx - The tool-making source - The human brain - The genetic source				
1	1	The origins of language The origins	To discuss the following issues: - The divine source - The natural sound source - The "bow-wow" theory - The "pooh-pooh" theory - The social interaction source To discuss the following issues: - The physical adaptation source - Teeth and lips - Mouth and tongue - Larynx and pharynx - The tool-making source - The human brain - The genetic source To discuss the following issues:				
1	1	The origins of language The origins of language	To discuss the following issues: - The divine source - The natural sound source - The "bow-wow" theory - The "pooh-pooh" theory - The social interaction source To discuss the following issues: - The physical adaptation source - Teeth and lips - Mouth and tongue - Larynx and pharynx - The tool-making source - The human brain - The genetic source To discuss the following issues: - Communication Proporties of human language				
1	1	The origins of language The origins	To discuss the following issues: - The divine source - The natural sound source - The "bow-wow" theory - The "pooh-pooh" theory - The social interaction source To discuss the following issues: - The physical adaptation source - Teeth and lips - Mouth and tongue - Larynx and pharynx - The tool-making source - The human brain - The genetic source To discuss the following issues: - Communication - Properties of human language				
1	1	The origins of language The origins of language	To discuss the following issues: - The divine source - The natural sound source - The "bow-wow" theory - The "pooh-pooh" theory - The social interaction source To discuss the following issues: - The physical adaptation source - Teeth and lips - Mouth and tongue - Larynx and pharynx - The tool-making source - The human brain - The genetic source To discuss the following issues: - Communication - Properties of human language - Displacement				
2	1	The origins of language The origins of language Animals and human	To discuss the following issues: - The divine source - The natural sound source - The "bow-wow" theory - The "pooh-pooh" theory - The social interaction source To discuss the following issues: - The physical adaptation source - Teeth and lips - Mouth and tongue - Larynx and pharynx - The tool-making source - The human brain - The genetic source To discuss the following issues: - Communication - Properties of human language - Displacement - Arbitrariness				
2	1	The origins of language The origins of language Animals and	To discuss the following issues: - The divine source - The natural sound source - The "bow-wow" theory - The "pooh-pooh" theory - The social interaction source To discuss the following issues: - The physical adaptation source - Teeth and lips - Mouth and tongue - Larynx and pharynx - The tool-making source - The human brain - The genetic source To discuss the following issues: - Communication - Properties of human language - Displacement - Arbitrariness - Productivity				
2	1	The origins of language The origins of language Animals and human	To discuss the following issues: - The divine source - The natural sound source - The "bow-wow" theory - The "pooh-pooh" theory - The social interaction source To discuss the following issues: - The physical adaptation source - Teeth and lips - Mouth and tongue - Larynx and pharynx - The tool-making source - The human brain - The genetic source To discuss the following issues: - Communication - Properties of human language - Displacement - Arbitrariness				

			To discuss the following issues:
	2		- Talking to animals
4			- Chimpanzees and language
		Animals and	- Washoe
		human	- Sarah
		language	- Lana
		language	- The controversy
			- Kanzi
			- Using language
			To discuss the following issues:
	4	The sound patterns of language	- Phonology
			- Phonemes
5			- Natural classes
			- Phones and allophones
			- Minimal pairs and sets
		The sound patterns of language	To discuss the following issue:
			- Phonotactics
			- Syllables
			- Consonant clusters
6	4		- Coarticulation effects
	4		- Assimilation
			- Nasalization
			- Elision
			- Normal speech
7	Midterm		Midterm

	1		1
			- morphemes
			- Derivational morphemes
			- Inflectional morphemes
		Morphology	To discuss the following issues:
			- Morphological description
	6		- Problems in morphological
11			- description
			- Morphs and allomorphs
			- Other languages
			- Kanuri
			- Ganda
			- Ilocano
			- Tagalog
			To discuss the following issues:
	7	Grammar	- English grammar
			- Traditional grammar
12			- The parts of speech
			- Agreement
			- Grammatical gender
			- Traditional analysis
		Grammar	To discuss the following issues:
			- The prescriptive approach
	7		- Captain Kirk's infinitive
			- The descriptive approach
			- Structural analysis
13			- Constituent analysis
			- Constituent analysis - Labeled and bracketed sentences
			- Hierarchical organization
			- A Gaelic sentence
			- Why study grammar?
14	16	Written language	To discuss the following issues:
			- Writing
			- Pictograms
			- Ideograms
			- Logograms
	16	Written language	To discuss the following issues:
15			- Phonographic writing
			- The rebus principle
			- Syllabic writing
	16	Written language	To discuss the following issues:
16			- Alphabetic writing
			- Written English
			- English orthography
