Notice:

Primary list of accepted candidates is not necessarily binding.

The only way to connect and ask for information regarding registration and results is via intl_office@usb.ac.ir

The incomplete documents that are not filled out in due time will not be considered valid for assessment.

This invitation, to study in USB, is only for non-Iranian applicants.

Necessary conditions:

- a. Classes in USB will be held in Persian language (PL). Thus, candidates who are not familiar with PL, will be required to study Persian for one semester in one of the authorized centers introduced by USB.

b. The applicant must be qualified on his previous degree of education by Jan. 21st, 2019 to pursue higher education in USB.

c. To see the list of available courses and majors in USB, please check out appendix 1.

Registration process:

1. Go to www.usb.ac.ir and see the section of registration of international students.
2. Fill in the necessary forms and upload the required documents in the website and choose the field and major of study, based on appendix 1, and write a valid email address for correspondence regarding the registration process.
3. Paying 500.000 Rials while registering for assessing the candidate's profile.
4. Candidates who are accepted by USB (section two of the important dates) need to take their documents to the Council of Islamic Republic of Iran in their country of residence, and accredit them and then register in the <http://saorg.ir:8081> and upload their passport, licenses, recommendation letters, and C.V. and choose USB as their university (section 3 of the important dates). If registration is correctly completed, each candidate receives a code from SAORG.
5. Candidates must keep and save their code for further correspondence.
6. All correspondence regarding the registration process and possible questions or vagueness of the procedure may be asked through intl_office@usb.ac.ir

Necessary documents for primary registration in SAORG:

1. Photo scan not more than 50 kb
2. Passport with at least one year time of validity. Scan must not exceed 100 kb.
